

AI CYCLE automatic system

Investment Methods

1

Confirm deposit address

Check the deposit address in the Deposit/Withdrawal Information -> Coin Deposit menu and deposit USDT.

2

Enter transaction hash

After completing the deposit, enter the transaction hash (txid) into the system.

3

Investment registration

Register your investment by selecting the desired investment amount from the Deposit/Withdrawal Information -> Investment Registration menu.

4

Confirmed rate of return

The AI CYCLE system will begin operating three days after completing investment registration, and the investment return will be determined through a roulette.

5

Distribution of proceeds

Confirmed earnings are distributed through the next-day settlement system.
